

Andaman & Nicobar Islands,
a high potential
consumer market
just 2 hours away
from the mainland.

Gone are those days when the Andaman & Nicobar Islands remained just a holiday retreat for us. Many of us often forget the fact that they are a part of India. But now the time has come... to change our belief and stance if we seek to **exploit a potential market that thrives over here.**

White Beach

The divine land of sea, sand, corals and pristine nature.

The Andaman & Nicobar Islands offer a profound market for a world of products ranging from **consumer durables, realty, and automobiles** to **FMCG**, owing to its infrastructural developments telecommunications and transportation. The prosperity of the service sectors like **banking, insurance, educational activities** and **myriad financial organizations** testifies the sublime purchasing capacity of the residents. The phenomenal development of Andaman & Nicobar Islands has been in sync with the world's changing economic scenario. The government officials and established tradesmen, the region boasts a high per capita income ratio and modernisation traits. **The land is treasure trove for innumerable business endeavours to flourish.**

the land of half a million people
